

Driveway and Utility Access Maintenance Agreement

This **Driveway and Utility Access Maintenance Agreement** (the **Agreement**) is entered into as of June __, 2026 (the **Effective Date**), by and between the **City of Bloomfield, Iowa** (the **City**) and the **Davis County Community School District** (the **District**). The City and the District may be referred to individually as a **Party** and collectively as the **Parties**.

Recitals

A. The District owns, controls, or is responsible for certain real property in or near Bloomfield, Iowa, including property serving the Davis County Middle and Elementary Schools.

B. The District is undertaking improvements that include burying geothermal equipment and expanding a parking lot in an area that includes or affects a driveway, parking area, or related surface improvements used for access to City utility facilities serving the Davis County Middle and Elementary Schools.

C. The Parties acknowledge that the driveway, parking area, or related surface improvement described in this Agreement is the only current access route available to the City for inspection, maintenance, repair, replacement, boring, installation, or other work relating to City utilities serving the Davis County Middle and Elementary Schools.

D. The City is willing to permit the District's improvements to proceed, provided that the City's access to its utilities is preserved and the District remains responsible for maintenance of the affected drive or parking area and for costs incurred by the City if utility work in the area is required.

For good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree as follows:

Agreement

1.- Defined Area

1.1.- **Defined Area.** For purposes of this Agreement, the **Defined Area** means the driveway, parking area, expanded parking lot area, geothermal equipment area, and any adjacent or related surface or subsurface area that: (a) is affected by the District's geothermal equipment installation or parking lot expansion; and (b) is used or reasonably necessary for City access to utilities serving the Davis County Middle and Elementary Schools.

1.2.- **Exhibit.** The Parties may attach a site plan, survey, engineering drawing, or other depiction of the Defined Area as **Exhibit A**. If no exhibit is attached at execution, the Defined Area shall be interpreted to include all areas reasonably necessary to protect the City's utility access rights described in this Agreement.

2.- District Maintenance Obligation

2.1.- **Maintenance of Drive and Parking Area.** The District shall, at its sole cost and expense, maintain the Defined Area in good, safe, stable, passable, and usable condition for vehicular and equipment access by the City and its employees, agents, contractors, utility crews, and emergency responders.

2.2.- **Scope of Maintenance.** The District's maintenance obligation includes, without limitation, grading, drainage, paving, patching, resurfacing, snow and ice removal, subsurface stabilization, repair of settlement or heaving, repair of damage caused by the District's geothermal equipment or parking lot improvements, and any other work reasonably necessary to keep the Defined Area accessible and suitable for City utility access.

2.3.- **No Interference with Utility Access.** The District shall not place, construct, install, permit, or maintain any obstruction, structure, curb, fence, gate, landscaping, equipment, stored materials, geothermal component, parking control device, or other improvement in the Defined Area that materially interferes with the City's access to, operation of, maintenance of, repair of, replacement of, or installation of City utilities, unless the City gives prior written approval.

2.4.- **Load-Bearing Condition.** The District shall maintain the Defined Area in a condition capable of supporting vehicles, repair equipment, and other equipment reasonably used by the City or its contractors for utility work.

3.- City Utility Access Rights

3.1.- **Access Preserved.** The City retains the right to enter upon and use the Defined Area, without charge, for the purpose of inspecting, operating, maintaining, repairing, replacing, boring, installing, improving, locating, marking, protecting, or removing City utilities serving the Davis County Middle and Elementary Schools or otherwise located in or accessible through the Defined Area.

3.2.- **Access by Contractors.** The City's access rights include the right for the City's engineers, contractors, subcontractors, utility providers, employees, agents, and representatives to enter and use the Defined Area for City utility purposes.

3.3.- **Emergency Access.** In an emergency or urgent utility condition, the City may enter and perform work in the Defined Area without prior notice to the District. The City shall provide notice to the District as soon as reasonably practicable after such entry.

3.4.- Non-Emergency Coordination. For non-emergency utility work, the City shall make reasonable efforts to coordinate the timing and location of work with the District so as to reduce unnecessary disruption to school operations, provided that such coordination shall not delay or limit the City's ability to perform necessary utility work.

4.- District Responsibility for Utility-Related Costs in the Defined Area

4.1.- District Cost Responsibility. If the City is required to repair, relocate, replace, bore, install, or construct new or replacement utilities in, under, through, across, or adjacent to the Defined Area because of, arising out of, or made more difficult or more expensive by the District's geothermal equipment, parking lot expansion, surface improvements, subsurface improvements, or maintenance or failure to maintain the Defined Area, the District shall be responsible for all resulting costs and expenses incurred by the City.

4.2.- Covered Costs. Costs and expenses for which the District is responsible include, without limitation, engineering, surveying, locating, design, boring, excavation, trenching, shoring, dewatering, traffic control, utility protection, utility relocation, replacement utility installation, repair, backfill, compaction, paving, patching, resurfacing, restoration, testing, inspection, permitting, contractor charges, equipment charges, labor, materials, administrative costs, and legal or professional fees reasonably incurred by the City in connection with the work.

4.3.- No Limitation to District Fault. The District's responsibility under this Section applies regardless of whether the need for the City's utility work results from District fault, provided that the work is required in the Defined Area and is caused by, related to, or made more expensive by the existence, placement, condition, or maintenance of the District's geothermal equipment, parking lot improvements, or related improvements.

4.4.- Billing and Payment. The City may invoice the District for costs covered by this Agreement. The District shall pay each invoice within thirty (30) days after receipt. Amounts not paid when due shall accrue interest at the maximum rate permitted by Iowa law, or, if no maximum applies, at the rate of one percent (1%) per month.

5.- Restoration After Utility Work

5.1.- City Restoration Standard. Following City utility work in the Defined Area, the City shall restore the affected surface to a reasonably safe condition, taking into account the nature and urgency of the utility work performed.

5.2.- District Final Restoration Responsibility. To the extent final paving, resurfacing, striping, landscaping, drainage, grading, or other restoration is required because of the District's improvements, geothermal equipment, parking lot configuration, or maintenance obligations, the District shall perform or pay for such final restoration.

5.3.- No Obligation to Restore District Improvements. The City shall not be responsible for damage to, removal of, or restoration of geothermal equipment, parking improvements, landscaping, curbs, signs, striping, pavement, or other District improvements located in the Defined Area to the extent such removal or damage is reasonably necessary for City utility access or work.

6.- Notice of Improvements and Subsurface Work

6.1.- Prior Notice to City. Before commencing any excavation, boring, construction, geothermal work, parking lot expansion, resurfacing, reconstruction, or other work in the Defined Area, the District shall provide the City with reasonable prior written notice and copies of available plans, drawings, and specifications for the proposed work.

6.2.- City Review. The City may review proposed work for potential impacts on City utilities and utility access. The City's review or failure to object shall not constitute approval of work that interferes with City utilities or access rights and shall not waive the District's obligations under this Agreement.

6.3.- Utility Locates. The District shall comply with all applicable utility locate requirements before performing or permitting any excavation, boring, or subsurface work in the Defined Area.

7.- Indemnification

7.1.- District Indemnity. To the fullest extent permitted by law, the District shall indemnify, defend, and hold harmless the City and its elected officials, officers, employees, agents, representatives, contractors, and successors from and against all claims, demands, damages, liabilities, losses, costs, expenses, and causes of action, including reasonable attorney fees, arising out of or relating to: (a) the District's geothermal equipment or parking lot improvements in the Defined Area; (b) the District's failure to maintain the Defined Area as required by this Agreement; (c) damage to City utilities caused by the District or its contractors, agents, employees, invitees, or improvements; or (d) bodily injury, death, or property damage occurring in or arising from the condition of the Defined Area, except to the extent caused by the City's willful misconduct.

7.2.- Governmental Immunities Preserved. Nothing in this Agreement shall be construed as a waiver by either Party of any immunity, defense, limitation of liability, or statutory protection available under Iowa law.

8.- Insurance

8.1.- District Coverage. The District shall maintain insurance coverage, self-insurance, or risk-pool coverage reasonably sufficient to cover its obligations under this Agreement, including general liability coverage and coverage for property damage arising from the District's improvements or maintenance obligations in the Defined Area.

8.2.- Contractor Coverage. The District shall require contractors performing work in the Defined Area to maintain commercially reasonable insurance coverage for the work performed, including general liability and workers' compensation coverage as required by law.

9.- Default and Remedies

9.1.- Default. A Party is in default if it fails to perform any obligation under this Agreement and does not cure the failure within thirty (30) days after written notice from the non-defaulting Party. If the default cannot reasonably be cured within thirty (30) days, the defaulting Party shall not be in default if it begins cure within the thirty (30) day period and diligently proceeds to complete the cure.

9.2.- Immediate Action by City. If the District fails to maintain the Defined Area in a condition that permits City utility access, or if the City determines that immediate action is necessary to protect utilities, public health, safety, or service continuity, the City may perform or cause to be performed such work as the City reasonably determines necessary. The District shall reimburse the City for all resulting costs and expenses within thirty (30) days after invoice.

9.3.- Remedies Cumulative. The remedies in this Agreement are cumulative and are in addition to any remedies available at law or in equity, including specific performance, injunctive relief, reimbursement, and damages.

9.4.- Attorney Fees. In any action or proceeding to enforce this Agreement, the prevailing Party shall be entitled to recover its reasonable attorney fees, costs, and expenses to the extent permitted by law.

10.- Term; Binding Effect

10.1.- Term. This Agreement begins on the Effective Date and continues for so long as any City utility serving the Davis County Middle and Elementary Schools is located in, under, through, across, or accessible by way of the Defined Area, unless the Parties terminate this Agreement by a written instrument signed by both Parties.

10.2.- Binding Effect. This Agreement binds and benefits the Parties and their respective successors and assigns, including any successor owner, operator, or governmental entity responsible for the Defined Area or the City utilities.

10.3.- Covenants Running with the Land. To the extent permitted by law, the obligations and access rights in this Agreement are intended to run with the land and bind the Defined Area and any successor owner or responsible public entity.

11.- Assignment; Transfer

11.1.- District Transfer. The District shall not transfer responsibility for the Defined Area or any portion of the affected property without requiring the transferee or successor to assume the District's obligations under this Agreement, unless the City provides prior written consent.

11.2.- City Utility Successors. The City may assign or transfer its rights under this Agreement to any successor public utility, municipal utility, or governmental entity that assumes responsibility for the City utilities serving the Davis County Middle and Elementary Schools.
