Contractors or persons acting as their own contractor are eligible for the Housing Incentive so far as they meet the requirements set by state and local building codes. This program is valid for contractors or owners using contractors that are licensed and in good standing with the Iowa Division of Labor, bonded, and insured.

Amounts are reserved on a first come - first served basis. Incentive amounts are reserved for each project at the time the incentive application is approved and executed. Incentive amounts are returned to the general pool if the project is disqualified or not completed by the completion date, or the completion date is not extended by the City Administrator.

All projects are expected to comply with federal, state, and local codes.

Payments of the building incentive are to be made within 30 days after the certificate of occupancy is issued.
