- A. Monthly charge for non-metered lights -- \$8.00
- B. Installation of new services -- \$50.00
- C. Installation of new services requiring a pole -- \$220.00 + \$50.00

6. These rates are based upon a purchased Energy Cost Index of 7.19¢ per kWh and may be increased or decreased periodically by an Energy Cost Adjustment equal to the amount by which the average cost of electric energy purchased by the Electric Utility in the period since the last preceding adjustment is greater or less than the current purchased Energy Cost Index.

7. The cost of Operation and Maintenance of the Electric Utility that is imbedded in these rates at a cost of 2.15¢ per kWh may be increased on February 1<sup>st</sup> of each year in direct proportion to a positive change in the Consumer Price Index for All Urban Consumers (CPI-U) for the Kansas City, MO-KS areas for the electricity subcategory of the Housing Expenditure Category, (index base period 1982-84 = 100) from January 1 to December 31 of the preceding year as published by United States Bureau of Labor Statistics.

8. Service shall not be commenced or continued for a new customer or customers without written application on a form to be provided by the utility signed by every person aged 18 years or older living at the place who is not a “dependent” of one of the others as defined by state and federal income tax provisions. In the case of a husband and wife, both shall sign the written application.

9. The application form shall include the certification under penalty of perjury by all persons signing the application that no one who is not a dependent of one of the others as defined above shall reside at the place other than the persons signing the application.

10. The application form shall state that all persons signing the service contract agree to be “jointly and severally liable for payment for all services rendered at the place” (the phrase “jointly and severally liable” is a legal term of art that makes each signatory responsible for the entire debt, not just what they may deem to be their “share” of the debt).

Section Two. This Amendment shall become effective on July 7, 2023, or as otherwise noted in the ordinance.

Passed this 6th day of July, 2023.
